

# Inspired Libraries

MAKEOVERS | REINVIGORATIONS | REINVENTIONS

Creative, contemporary ideas that are realistically achievable are abundant in this highly practical day for libraries seeking inspiration on makeovers, reinventions or simply an injection of innovative, cost effective ideas which can be implemented on a limited budget.

**“Image drives perception, so libraries must keep abreast of trends to bolster relevance”**

To this end, Kevin will draw inspiration from retail, art galleries, museums and other cultural hubs to inspire library presentation, promotion and display. This will be reinforced with highly practical advice on merchandising strategies that have proven to grow usage in libraries Kevin has worked with. As always, the pace will be dynamic and there will be countless inspirational photographs. Most importantly, this day will highlight that creativity can be more powerful than funding!

Kevin Hennah has carried out in excess of 2000 onsite consultations at libraries internationally.

His keynote presentations and workshops have been delivered throughout Asia, Europe, The USA, Canada, The United Arab Emirates and Australia. He has a wealth of ideas to share and is passionate about keeping libraries relevant.
